| | BackPack | ChemFFX | ChemGold III |
|--|----------|---------|--------------|
| Search Mode - Simple | X | X | X |
| Search Mode – Advanced (includes DG, Hazards, Molecules, National Codes) | | X | X |
| Display OWN List | X | X | X |
| Confine Search in OWN List | X | X | X |
| AutoDivert to Full List | X | X | X |
| Bulletin Board (Literature reviews) | X | X | X |
| WikiWatch (Glossaries) | X | X | X |
| Chemwatcher (Project Tracking History) | X | X | X |
| Alerts (Vendor MSDS updates) - weekly | X | X | X |
| Alerts (Project progress reports)- weekly | X | X | X |
| Alerts (Change of MSDS Classification) - quarterly | | X | X |
| Alerts (Change of Ingredient Status in Regulation) - weekly | | X | X |
| Access to Vendor MSDS (5 million) | X | X | X |
| Free acquisition of Vendor MSDS | X | X | X |
| Free updates of Vendor MSDS | X | X | X |
| Vendor written response when MSDS older than 5-years | X | X | X |
| Access to Chemwatch Review (Gold) MSDS | X | X | X |
| Access to Chemwatch Review (Gold) MSDS Updates | X | X | X |
| Access to Chemwatch MiniMSDS | | X | X |
| Access to Chemwatch MSDS Summary | | X | X |
| Filter settings (administrator) for control of language, country, archived MSDS | X | X | X |
| Filter settings (user) for temporary display of MSDS in different language etc. | X | X | X |
| Part Number creation/ searching | X | X | X |
| Part Number Bar Code creation/ searching | X | X | X |

| | | | |
|--|--------------|---|---|
| Free access to free Chemwatch 24/7 Emergency Response (incoming MSDS) | X | X | X |
| Emergency Response (ER) Reports (ChInA, US Coast Guard, etc.) | | X | X |
| Wiser (US National Library of Medicine ER) critical analyses also available for access by PDA | | | X |
| Free access for PDA | | | X |
| Folder Creation/ Document Storage | X | X | X |
| Manifest Creation | X (optional) | X | X |
| Manifest Editing enables Vendor Codes (R, GHS, DG etc.) in addition /substitution of Chemwatch Codes | X | X | X |
| Manifest Vendor MSDS Auto-Extraction tool – for direct addition of Vendor Codes | X | X | X |
| Manifest creation of Colour Codes (sort by Hazard Levels) | X | X | X |
| Manifest determination of chemical incompatibilities | | X | X |
| Manifest determination of Hazardous Facility HotSpots | | X | X |
| Manifest creation of picture posters: illustrate, Health, Environmental Hazards, PPE, Extinguishers, Precautions | X | X | X |
| Manifest Auto Placarding – Australian States, US etc. | X | X | X |
| Manifest Assessment of individual Site/ Store Hazard Level | | X | X |
| Manifest; Copy/ Move individual chemicals or whole stores | X | X | X |
| Manifest Location of specific Toxicological, Environmental, Physical Hazards and Target Organs | | | X |
| Track the location of individual chemicals | X | X | X |
| Risk Assessment – Task Based (Control Banding) | | X | X |
| Risk Assessment – Location Based | | | X |
| In-Trays (assemble miscellaneous collections of documents – MSDS, Labels etc) | | X | X |
| Label Creation (16 different self-populating templates for off-the shelf media) | | X | X |
| Bar Codes – addition to Labels | | X | X |
| Bar Codes – addition to Vendor MSDS | X | X | X |
| Bar Codes – addition to Chemwatch Review MSDS | X | X | X |
| Bar Codes – addition to Chemwatch MiniMSDS | | X | X |
| ChEMail transmission of Vendor MSDS (one/ many) | X | X | X |
| ChEMail transmission of Gold MSDS (one/ many) | X | X | X |
| ChEMail transmission of MiniMSDS (one/ many) | | X | X |
| ChEMail transmission of Hit Lists | X | X | X |

| | | | |
|--|---|---|---|
| CH <i>Email</i> transmission of folder contents | X | X | X |
| CH <i>Email</i> transmission of manifest contents | X | X | X |
| CH <i>Email</i> requests for new MSDS (to Chemwatch or internally) | X | X | X |
| AutoSAVE (as HTML/ PDF) to DOCs | X | X | X |
| Multilanguage choice of interface (32 languages) | X | X | X |
| Multilanguage choice of Chemwatch Review (Gold) MSDS | X | X | X |
| Multilanguage choice of Chemwatch MiniMSDS | | X | X |
| Multilanguage ON-LINE interactive HELP | X | X | X |
| Multilanguage 24/7 Direct Dial ER response (150 languages) | X | X | X |
| Classification Modules; assess mixtures created by you; create suitable labels | | X | X |
| Regulatory Status of each substance (72 countries, 1500 Lists) | | | X |
| Comparison of Vendor assessments of substances | | | X |
| Comparison of Government assessments of substances (GHS, R Classification) | | | X |
| Comparison of Vendor Assessments of Dangerous Goods Classifications | | | X |
| Molecular Models (3D) of 2.5 million substances | | | X |
| Monographs (official/ industry groups) | | | X |
| Environmental Toxicity Databases (AQUIRE, Terretox etc.) | | | X |
| Animal Toxicity Databases (IUCLID etc) | | | X |
| Environmental QSAR Modelling module (ECOSAR, Fugacity Assessment etc) | | | X |
| Physical Properties QSAR Modelling module (ECOSAR, PASS) | | | X |
| National Inventories | | | X |
| National Occupational Exposure Limits | | | X |
